BERLIN, May 13.—Chancellor Adolf Hitler will appear before the Reichstag next Wednesday to present a conciliatory compromise plan for world disarmament which may lead to an international arms agreement at Geneva.

This was learned by International News Service today as reports from London and Paris disclosed growing sentiment in favor of enforcing the penalty provisions of the treaty of Versailles "to the hilt" in the event Germany insists upon rearming.

Hitler To Explain  
Hitler will not only explain Germany's views on disarmament but will call upon other countries for a complete clarification of the European political situation.

His address promises to be one of the most important delivered before any parliament since the world war. He will announce the aims of Germany's new Nazi government and declare that before the world economic conference meets in London there must be an international understanding through "the triumph of common sense."

### PA NEW OBSERVES

It's Mother's Day tomorrow.

Whether the excessive rain of the past week or yesterday's warm temperatures were responsible, PA New does not know, but June bugs were seen flying about the city last evening for the first time. The June bug, a beetle, hatches out from the common white grub worm found in the ground, and emerges late in May or early in June.

When services are being held at the Second U. P. and Croton M. E. churches, a bad traffic hazard exists. Usually cars are parked along both sides of the street at these churches, and it is impossible for auto traffic to pass a street car at these points. Parking should only be permitted on one side of the street.

Severe punishment is due anybody who tampers with a mail box. The person who dropped a fire-cracker into an East Side mail box, during the past few days, should be ferreted out, and properly punished.

Marks that will stay until the next painting were made on East Brook homes by that vicious hail-storm of several nights ago. Scores of New Castle people have visited the scene this week. The size of those hailstones will be something to tell our grandchildren.

### SHENANGO POTTERY GETS LARGE ORDER

Announcement was received today by the Shenango Pottery of the award of a large chinaware contract from the Philadelphia Quartermaster Depot of the United States Army. The order is for approximately 12 carloads of white cups, saucers and plates to be shipped as soon as they can be manufactured.

The order is an important one and while it will not mean any increase in the employed personnel of the pottery, it will mean more work for the men and women now employed.

While nothing has been said as to where this ware will be used, it is quite likely that some of it will go into the reforestation camps now being set up in various states.

Manufacture of the order starts immediately and shipments will be made as rapidly as possible.

### Chinese Troops In Full Retreat Toward Peiping

(International News Service)  
PEIPING, May 13.—Chinese defense troops were in full flight toward Peiping today, routed by the Japanese-Manchukuo avalanche from the north.

The Chinese troops, who had been stationed north of Miyun, retreated in confusion after a 24-hour battle as enemy planes rained bombs on Miyun and Shihhsia.

Reports from Tangku said a Japanese aircraft carrier had arrived at the mouth of the Pa river near there, and that half a dozen Japanese planes had taken off from the ship to reconnoiter the Chinese battle lines.

Nanking reports said peace negotiations between Japan and China were impossible.

Story

(International News Service)  
WASHINGTON, May 13.—Federal agents today were searching — with no great expectation of success — for two of the "principals" named by Gaston B. Means in his fantastic version of the Lindbergh kidnapping.

Of the half a dozen members of the kidnaping gang as pictured by the pudgy convict on trial here for conspiracy to defraud Mrs. Evelyn Walsh McLean in a ransom hoax, only two were not known to be dead. They were "Wellington Henderson," who Means said was a Detroit communist, and Irving Fenton, for whom no identification has been offered.

Purely Fictitious  
Officials felt that Fenton was a purely fictitious character, and, although reports from Detroit indicated the existence of a communist named Wellington Henderson, that the Henderson named by Means was scarcely less fictitious than Fenton.

The reaction of the government to Means' weird and lengthy story of negotiations for recovery of the baby was successfully illustrated in the cross-examination of the defendant by Leo Rover, district attorney. Rover simply reviewed Means' record of crime convictions and developed from the witness' own lips that of the kidnap gang leaders he named, all were dead except Henderson and Fenton.

Claims Baby "Plant"  
According to Means' story, the Lindbergh baby may still be alive. (Continued On Page Two)

### Melodramatic Injected Into Beaver Valley Battle Over Rochester Railway

(International News Service)  
ROCHESTER, Pa., May 13.—The melodramatic entered in the three-year-old squabble between the Beaver Valley Railways company and Rochester city council over paving repairs today.

At daybreak, a snow plough majestically pulled out of the car barn and moved down Brighton avenue, brushing over police-erected barricades to prevent continuance of trolley service.

A street car followed behind—just far enough back to permit Assistant Police Chief Frank Craig to ride his motorcycle onto the right-of-way between the plough and the trolley.

The motorcycle was pushed, rather unceremoniously, down the right-of-way by the street car with Craig still astride.

### Senior Class Players Please With Mystery

Graduating Class Scores  
Success With "Seven  
Keys To Bald-  
pate"

Crowded House Greeted Play-  
ers—Cast Does Excel-  
lent Work

Apprehensive chills chased themselves up and down a lot of spines to the accompaniment of a flock of laughs Friday night when the Senior Class of the Senior High School presented "Seven Keys To Baldpate," a melodramatic farce that will still be good entertainment when your grandchildren are voting.

"Seven Keys" concerns a wager between a novelist and a pal in which \$5000 is laid that the writer cannot complete a story in 24 hours, using Baldpate Inn, high up on a mountain top as his working ground. There is only one key to Baldpate Inn and this is held by the caretaker to whom the writer reports. The one key develops into seven however with some intriguing melodrama working its way in with each key.

Boodles, Bandits And Love  
Politics, graft, boodles and love enter into the plot with enough comedy relief to offset the crime element. And then after the whole plot is developed and they've "done right by our Nell" you find that it has been merely the characterization of the book the novelist is writing to win the wage of \$5000.

"Seven Keys to Baldpate" is good theatre and good entertainment. It pleased Broadway when it first was presented, it pleased a packed house Friday night in the Senior High School and believe it, that place was packed to the chandeliers. Somebody had done a nice piece of salesmanship to fill the house.

Almost a new crop of players were seen in the cast, with a few exceptions, and while you may not have recognized the names, you enjoyed their work. From the entrance of old Elijah Quimby in the prologue to the tag line in the plouge there was enough entertainment and suspense to make it worth while that you attended.

Music Features  
The musical program went in for a rather imposing layout Friday night. Instead of the usual intermission fillers, Joe Reologie gave the customers a tabloid concert. If (Continued On Page Two)

WASHINGTON, May 13.—A gigantic partnership between the federal government on one side and industry, labor and the public on the other, to put millions of jobless citizens back to work, will be created under President Roosevelt's industrial prosperity program.

The president would establish this partnership through a series of "industrial control boards," with broad powers to help industry recapture property. He probably will submit the plan to congress in legislative form early next week, along with a \$5,200,000,000 public works program for creating even more jobs.

The whole program would be predicated on a "national control board," consisting of four cabinet officers and an executive to be (Continued On Page Two)

# "UNLOADED" GUN KILLS BROOKVILLE GIRL

## Girl Is Held For Death Of Young Sister

Brookville Police Hold Fifteen-Year Old Girl For Fatal Gun Play

### WERE IN ACT OF PLAYING HOLDUP

(International News Service) BROOKVILLE, Pa., May 13.—Police held a 15-year-old girl in jail today as the tragic aftermath of the fatal shooting of little eight-year-old Josephine Himes with a gun that "wasn't loaded."

The girl held was Josephine's sister, Mabel Himes. No charges have been filed pending an inquest today. Held also in connection with the case was Glenn Osborne who, police said, owned the gun, a .22 caliber revolver. A charge of illegally owning firearms may be placed against him.

**Playing Holdup.** Mabel told officers she and her sister were alone in their home late yesterday when she conceived the idea of "holding up" her sister. She procured the gun which she said Osborne had left at the Himes home a month ago and pointed it at her sister, with the command: "Put your hands up, I'm a burglar."

Josephine entered into the spirit of the "game," Mabel said, and put her hands up. Then the gun was discharged suddenly. The bullet struck Josephine in the right eye, causing instant death.

Mabel called neighbors who summoned police.

### HITLER PLAN ON DISARMAMENT TO BE OUTLINED

(Continued From Page One) day, a Reichstag which he dismissed when he assumed power, will afford the chancellor his first opportunity to announce his foreign policy before a waiting world.

He will not miss the opportunity. He will do his best to show that the new Germany feels strong enough to compromise.

#### Intimate New Policy

It is realized here that the strong policy adopted at the Geneva disarmament conference by Dr. Rudolph Nadiol, chief German delegate would, if continued, lead only to isolation of the Reich. But Nadiol was only carrying out orders whereas Hitler, in his speech next week, will be initiating a new policy, dealing with Germany's claim for arms equality with other European powers.

Hitler's speech will be for both domestic and international consumption. He will express willingness to compromise on the reconstruction of the Reichswehr, asking that its transformation be synchronized with a gradual world disarmament program.

But he will demand that Germany be given a "sample" of every form of armament denied her by the Versailles treaty—a few military planes, a few tanks, etc.—thus wiping out her position of inferiority. The Reichstag, called into session so unexpectedly, is certainly to approve any pronouncement the chancellor makes on the foreign situation. The Hitlerite Nazis now have a clear-cut majority with 291 of 566 votes.

### PRESIDENT WORKS ON HUGE PROGRAM TO PROVIDE JOBS

(Continued From Page One) chosen by the president. In this board would be vested the final powers for stabilizing industry.

#### Secondary Boards

A series of secondary "control boards" would be created to encourage each industry in putting its own house in order. Management, labor and the general public will have equal representation on these secondary boards.

The principle of "voluntary agreements" for stabilizing wages, working conditions, work hours and even price levels would dominate. Each industry would be invited to elect its own "control board" and then to thrash out a trade agreement. If the industry adopted an agreement, affecting wages, hours, conditions or prices, it would be submitted to its own "control board" for ratification. Then, the agreement would have to be "okayed" by the national board.

#### Would Have Power

Only the national board would have power to set aside the anti-trust laws to promulgate the agreement. And only the national board would be armed with authority to force recalcitrant units of the industry to conform to the agreement.

Two forms of compulsion—termed sanctions in the president's plan—would be invoked, as the bill now stands. One would be the levying of a tax against the entire industry with a granting of exemptions to each unit carrying out the agreement. The other would be to license the entire industry and revoke the license of each unit refusing to abide by the agreement. This power will rest solely with the federal board.

#### Start Picketing

(International News Service) MADISON, Wis., May 13.—Striking dairy farmers, attempting to shut off the milk supply of large Wisconsin and Illinois cities, began picketing at dawn today as authorities of both states moved to prevent possible disorders.

The holiday spread into Illinois when 2000 independent dairy farmers at Woodstock voted to strike in an effort to cut off milk shipments to Chicago and thus enforce demands for higher prices for their product.

#### Milk Plants Closed

As a means of controlling the strike in Wisconsin Gov. Albert G. Schmedeman closed down all the milk plants in the state at midnight. Gov. Schmedeman ordered all sheriffs and prosecutors to keep the highways open for shipments of milk and to permit no interference from picketers.

Sheriffs in ten northern Illinois counties likewise were prepared with augmented forces of deputies to keep the highways open.

MADISON, Wis., May 13.—Twenty of the 71 counties of Wisconsin, containing about half the state's 3,000,000 population, today reacted to the full effect of the milk strike. State officials, however, believed the strike would collapse in a few days. Milk plants within this area were closed today by order of Gov. Albert G. Schmedeman and farmers had no place to take their milk; but neighboring counties were disposing of their deliveries in the usual manner.

"While I do not attempt to speak on the authority of the president, it is my understanding that there will be no debt message in the special session," said Rep. Joseph Byrns of Tennessee, Democratic house leader.

Byrns' statement followed upon the heels of an "authoritative" statement made to the senate by Senator Lewis (D) of Illinois. He said he was authorized to deny reports from European capitals that the president had agreed in his international conferences to reconsider the debt settlements.

### Beer Revenue Is Disappointment

Figures So Far Compiled On Beer Revenue Show Receipts Under Estimate

(International News Service) WASHINGTON, May 13.—Figures so far compiled on beer taxes have proved somewhat of a disappointment to internal revenue bureau officials, although it was believed they would come up to the early estimates of about \$12,000,000.

The initial flow of beer indicated that taxes would surpass expectations and might amount to \$250,000,000 for the year instead of \$150,000,000 as estimated, official said. However, it was pointed out collections so far have been over too short a period to be significant. For the first 11 days of May, miscellaneous internal revenue collections were \$47,743,000, an increase of \$12,778,000 over April, due to the beer tax and gains in other items subject to levy.

#### Adopt Recommendations

The recommendations of the Harbinger assembly held April 5, 1933, which were adopted as read, follow: 1.—That all prohibition and temperance organizations, and all persons opposed to the liquor traffic and the legalized saloon, unite in a state-wide campaign under the leadership and direction of the committees to be appointed according to the plan adopted by this conference for the purpose of preventing the repeal of the Eighteenth Amendment.

2.—That the friends of this cause supply a united campaign fund to be administered by this committee in reaching more than 5,000,000 voters of Pennsylvania with the facts involved in this stupendous issue. 3.—No amendment to the Federal Constitution has ever been submitted to conventions in the United States for ratification. No state is compelled to call a convention, or to incur the expense of an election and convention. If such a convention is held, we favor representation by legislative districts with one representative from each district, or a total of 208 delegates.

At the close of the meeting, a brief conference was held by the executive board, when plans were discussed for the future activity of the organization.

Efforts to bring the two factions together under a "convention committee" were consequently regarded as a failure. As the situation stood today, The Port Hunt marchers were to begin a five day series of meetings during which leaders would deliver speeches and the bonus congress would go on record in favor of cash payment of the soldier's bonus. The group in town, headed by Harold B. Foulkrod, of Philadelphia and Mike Thomas of New Jersey, bonus leaders of last year's march, planned a convention of its own, but thus far has not secured quarters, and has virtually no organization.

Rallying Tendencies Develop After First Hour Profit-Taking

## OIL SHARES IN FLURRY TODAY

(International News Service)

NEW YORK, May 13.—The stock market ran into another wave of profit-taking today and leaders slumped 1 to 2 points before support appeared.

Rallying tendencies developed in the second hour with food shares outstanding. Ralls also snapped back. National Dairy products was a late feature in heavy dealings while Louisville & Nashville set a fast pace for the carriers. Activity picked up on the rally. Leaders continued to lag.

Auburn recaptured a flash of its old-time volatility as the stock soared 6 points against a trapped short interest. Oil shares also enjoyed a flurry in heavy dealings on reports that President Roosevelt's petroleum stabilization plan would be disclosed in the next few days.

There also were individual strong spots, particularly in the motor accessory group, on pool activity, but the main body of stocks was reactionary.

Consolidated Gas and Du Pont, leaders of the recent boom, slumped about 2 points each. American Telephone gave ground after an early run-up while U. S. Steel ruled lower. General Motors was heavily sold and lost about a point.

Trading was active in the first hour with the ticker trailing but activity dwindled later.

Commodities were featured by corn which spurted a cent a bushel to a new high on unfavorable planting weather. It lost its gains later while other commodities were down on profit-taking.

Bonds continued to display a firm tone except the German issues, which suffered another sinking spell. The dollar was easy against foreign currencies but changes were small.

Chesapeake & Ohio and the Chicago & North Western issues were other strong rallies.

Lower grain prices weighed the farm stocks down after yesterday's late uprush. Case Threshing lost nearly 2 points.

The liquor stocks quieted down after their buoyancy the last two days. Utilities slipped on profit-taking. Consolidated Gas dropping about 2 points. American Can, Allied Chemical and other leaders suffered sizeable losses.

Several of the low-priced oils went to new highs in the early dealings but sagged later in sympathy with the rest of the list. Great Western Sugar was strong in the sugar group.

## Special Meeting Held By Council

City Solons Make Actions Of Executive Session Good In Open Meeting

Changes Made In Former Decisions; To Retain Health Officer And Janitor

ELLWOOD CITY, May 13.—Meeting for the purpose of making good in open session their decisions of an executive discussion of last week, the Ellwood City Borough Council made a few changes in their recommendations at a special gathering held last night in the city hall.

Upon motion of Clyde B. Houk council decided to retain their present janitor and reduce his salary to \$50 per month which is to go into effect on May 16. The original plan was to do away with the present janitor and hire a new one.

Council also went back on the plan of combining the duties of health officer and fire chief. Upon motion of the health committee council voted to retain the present health officer at a reduced salary amounting to \$75 per month. This also is to be effective on May 16.

The original decision of reducing the borough clerk's salary from \$183 to \$160 per month and dismissing one of the clerk's in his office was not altered. This will be effective on the same date as the others.

After some discussions as to the qualifications of about 25 applicants for the position of assistant borough clerk who will really perform the duties of tax collector, council elected by big majority Mervin Cunningham of this city.

The matter of opening the playgrounds here this summer and the grounds here this summer and the former decision of council opposing it will be reconsidered, according to an announcement made last night by President J. E. Powell. Mr. Powell stated that council had been subjected to severe criticisms by local citizens in failing to appropriate the small amount of \$300 which was necessary to operate the playgrounds for a period of eight weeks. This will be discussed at the council's regular meeting on June 8.

# United States May Build Up Defense Lines

If Geneva Conference Fails,  
Roosevelt Will Press  
For Military Im-  
provements

## WOULD STRENGTHEN NAVAL AIR FORCE

(International News Service)  
WASHINGTON, May 13.—If the  
disarmament conference at Geneva  
fails, President Roosevelt will lay  
down a construction program to in-  
crease both the military and naval  
air strength of the country.

This was learned today on unques-  
tionable authority.

The president would like to in-  
clude an appropriation for this pur-  
pose in the proposed \$3,300,000,000  
public works program and may do  
so if the disarmament conference  
goes on the rocks. At the present  
time, the conference is deadlocked  
by Germany's demand for the right  
to re-arm.

**Would Build Up.**  
The extent of the aviation pro-  
gram has not been decided upon by  
the president. In fact, he has not  
had time to work it out. However,  
it was made known that it would  
include the building up of the naval  
air force to full treaty strength.  
This would mean the construction  
of three new aircraft carriers.

President Roosevelt's determina-  
tion to maintain the defense forces  
of the nation at treaty strength has  
been reiterated innumerable times.  
The president, however, is prepared  
to achieve this by having the other  
nations reduce their armaments to  
the American level.

## RELIEF BOARD TO OPEN NEW OFFICE

Woods Building Space Donated  
For Purpose; Will Open  
It Next Week

The Lawrence County Emergency  
Relief Board will establish new  
headquarters next week in rent-free  
rooms in the new Woods building,  
corner of East Washington and  
North Mill streets, Dr. G. S. Ben-  
nett, board chairman announced to-  
day.

Arrangements for opening the of-  
fices in Rooms 211 and 212 were to-  
day being completed, with office  
equipment being donated by differ-  
ent organizations and individuals.  
Hoping to eliminate the growing  
congestion in Dr. Bennett's own of-  
fice at the First Christian church,  
and hoping to apply more dispatch  
to the board's work in general, the  
committee moved to secure new  
headquarters and quickly received  
the offer of the Woods rooms.

Dr. Bennett said arrangements

were also being formulated to open  
relief order branch quarters in dif-  
ferent sections of New Castle to  
allow a great reduction in callers at  
the office of County Poor Director  
M. B. Hoque. At the branches, man-  
aged by volunteer unemployed men,  
the relief orders would be distribut-  
ed to applicants.

"While the state grants us an ad-  
ministrative budget for office help,  
we cannot spend anything for of-  
fice rent or equipment," Dr. Ben-  
nett declared. "These offices will  
cost but little to maintain."

persons who have other engagements  
during the evening will be able to  
attend these functions also.

posed of Mrs. Rose Fazzone and  
Joseph Klamar, will receive the re-  
ports of those selling tickets on  
Monday afternoon at the Druschel  
store on Long avenue.

The drowning victim was William  
Voelple, 45, camp caretaker at  
Bloody Creek.

The big Miami river at Miami-

## Roll Call Of Aide Society Is Nearing End

Assistance Of Every Woman  
In City Asked For Jameson Memorial Hospital

### MONEY RECEIVED GOES FOR LINENS

Jameson Memorial Hospital Aide Society is winding up its annual roll call. Solicitation has been individual and personal. Doubtless, many women sincerely interested in the success of our hospital sick have been missed in our canvass thus far. It would be impossible to reach every woman interested in our work. For convenience of those whose aid has not yet been enrolled a coupon is attached.

It has been gratifying to note the genuine interest and the wide understanding of our work among the women of our community. Articles which have appeared in The News during the past week have aimed to stress the importance of our endeavors in general community economy. The reasons for the relatively short life of many classes of hospital linen supply have been brought out. It is now well understood that the contributions of our Aide Society are vital to the recognized success of Jameson Memorial Hospital in care of our sick. The joy of being useful is great. There is an abundance of this joy for all of us.

If you are not yet enrolled—won't you clip the coupon and send it to Mrs. Megown? You will so enjoy taking part with us. A dollar will do.

Mrs. S. Reed Megown, Treas.  
Jameson Mem. Hos. Aid. Soc.  
1909 Highland Avenue.  
Please enroll me as a member of the Jameson Memorial Hospital Aide Society at \$— for the year.

## Sweatshop Owners Bitterly Attacked By General Martin

Republican State Chairman  
Says "Newcomers" Are  
Running Sweatshops

(International News Service)  
CORY, Pa., May 13.—Blame for the reputed deplorable working conditions existing in Pennsylvania industries today was laid at the doorstep of "newcomers" by Gen. Edward Martin, Republican state chairman.

Martin told service men here last night that persons from other states, who are invited to establish industries in Pennsylvania by civic organizations, are responsible for the "sweatshop" conditions. "I have nothing but censure for migratory employers who take advantage of those who work for them," the chairman said. "And I say again that in Pennsylvania they are newcomers, not the old-line, dependable employer who helped to make this state an industrial titan." Martin called attention to the powers of a committee of three Senators, three representatives, three persons to be named by Gov. Clifford Pinchot, and representatives of the labor and industry department for investigation of "sweatshop" conditions. A report will be made to the 1935 session of the General Assembly.

## Bridge Tables Deserted As Y Swim Lure Ladies

Refreshing dips in the cool water of the Y. M. C. A.'s swimming pool have gradually taken the place of bridge parties and other traditional social pastimes in many a group of New Castle young ladies, since the Y. inaugurated ladies' swimming. Physical Director Henry T. MacNicholas declares.

"It might not seem that it would, but it's true," commented the physical director as he spoke of the growing popularity the pool has attained. "Many a swimmer has told us that swimming, to them, is far more thrilling than cards."

Different organizations of ladies and girls here have regularly been attending the Y classes, enjoying to their heart's content all the splashes and duckings that an outdoor swim brings. Time and time again swims have followed house parties.

The Y sponsors two classes, the 5:30 to 6:15 class and the 8:30 to 9:30 group, for the swimmers who elect to come with a particular or-

ganization. Others can be arranged by special appointment.  
Physical Director MacNicholas announced yesterday that five able young lady swimmers, Miss Lenore Beall, Y swimming instructor; Miss Mildred Owens, Miss Ruth Miller and Miss Marian Shapiro have successfully completed their senior life saving tests. Attractive emblems have been presented to them.

## Sue Harvard To Sing Thursday

Will Give Homecoming Concert in First Presbyterian Church

New Castle greets one of its own Thursday night, May 18, when Sue Harvard appears in a Homecoming Concert in the First Presbyterian

church. Singing for the home folks is something more than just a concert to Miss Harvard, it is an opportunity to be among her friends again, and when she was asked to come to New Castle she turned down an attractive concert engagement in an eastern city to come home.

The program, which will be announced Monday contains many new songs which she has added to her repertoire, but no matter how many new ones are there, "Annie Laurie" will certainly appear somewhere as an encore.

The Hershey Auxiliary of the First Presbyterian church is sponsoring the concert and expect to fill the auditorium for the homecoming concert. Thomas Webber, organist of the church will augment the program with several organ numbers.

For many years Miss Harvard has been the soloist of the Marble Collegiate church in New York and is the highest paid church soloist in the United States. About once in every several years the old home town visits her back and she is always delighted to come.

### Broker's Tip May Not Race In Preakness

Colonel Bradley May Withdraw Derby Winner, Due To Slight Injury

### HEAD PLAY IS FAVORED TO WIN

By DAVIS J. WALSH  
International News Service Sports Editor  
BALTIMORE, Md., May 13.—They are going to run the old Preakness today. Just as they have off and on these sixty years, though the starters be all too few, in track all too heavy and the withdrawals what they might. Changeless, somehow enduring the eternal, the Preakness knows no adversity; only a pleasant, graceful tradition that has carried it on up through the years to be famed in sonnet and song.

Today's distance is a mile and three-sixteenths. A crowd of 35,000 or as many as Old Pimlico can conveniently hold, will be there, including official Washington and unofficial North America. The purse will be \$25,000, times being rugged, although with the Preakness honor must always be greater than material gain.

Never-the-less, at least one member of the tight, little field of eleven horses is almost certain to withdraw. Another is a doubtful starter and a third, the most distinguished of the Kentucky Derby, is downright dubious.

### Head Play Favored

If he pulls out of the race, it will mean that the much publicized re-enactment of the Derby's theatrical finish with Head Play, in which the jockeys beat each other instead of the horses, simply is not to be.

Head Play is ready for this second of the championship stakes in the ten-year-old division and an insistent favorite at the odds of 10 to 1. Ladyman, the discredited choice in the Derby, De Valera and Utopian; Kerry Patch, Silent Shot, Inlander and others. But Broker's Tip remains a topic of acute speculation.

Early yesterday, the Bradley interests said he was out, owing to trouble with one of his front feet. I believe the technical phrase is that he "pepped an osslet," though what that is and how you pep it only a horse would know.

### Has Workout

Later, Broker's Tip worked a half mile in less than :49, causing an assistant trainer here to announce that he would start. However, considerable significance is attached to the fact that neither E. R. Bradley, the owner, nor Dick Thompson, the trainer, is expected here, and, besides, it isn't the track for Broker's Tip.

It was a bit on the heavy side this morning, with further showers forecast for later in the day, and Broker's Tip is no day horse, gaited to plow through the muck. Head Play isn't particularly so, either. Nor is Ladyman, trying to come back off his tragedy at Churchill Downs.

### Old Jockey Attends

Poppymann, Inlander and Kerry Patch may figure when the time comes but somehow, too, the record, held jointly by Coventry and Mate, does not seem in immediate danger, particularly with the track as it is now and as it may be later.

But there are no more the incidents, externals, to be taken lightly in the pleasant, easy way in which Maryland has learned to take its great horse race. The town is much the same. Agitation is not in the least intense. It must have been much like that when old Andrew Jackson was an honorary member of the Maryland Jockey Club back in 1840. They even still have the man, Jockey Barbee, who rode Shirley, the winner in 1876, living quietly here and always the guest of honor on this day.

### Heroes-Goats In Big League

(International News Service)  
The hero—Wally Berger, Braves. Saved game against Cardinals with a homer in ninth, then doubled in 11th and scored winning run.  
The goat—Johnny Burnett, Cleveland. His failure to cover first base on bunt in ninth was responsible for Indians' defeat by Athletics.

### HERE AND THERE IN SPORTS' LAND

Tom Leach arises to shout that Tony Adams is Tony Adams and not Nick Adams. Further, Tony is an amateur and Nick fought as a pro. They are brothers. Several nights ago Tony battled at Ellwood City. Some fans thought he was Nick Adams. The writer can verify Leach's statement. The writer matched his brother Nick for several professional bouts. Tony will be one of the battlers when the Jefferson A. C. holds an amateur show in Humbert hall, on May 24. Tony isn't a bad looking prospect for an amateur.

By the time fans read this there'll be some nervous horses awaiting the word at Pimlico track and a bigger crowd of nervous humans. The Preakness is to be raced and the fields consists of Poppymann, Broker's Tip, Ladyman, Head Play, Silent Shot, Pimpoleon, Devalera, Kerry Patch, Utopian, Pimpoleon and Inlander. Broker's Tip won the Derby and Head Play was second.

Neither Pimpoleon who rode Broker's Tip or Fisher, up on Head Play, will ride. They were set down for 30 days owing to their battle astride steeds in the Derby.

Grove City college tennis team swamped Geneva 6 to 1 at Grove City yesterday.

Cuba upset Canada 4-6, 6-6, 6-4, 10-8 in their doubles match in the North American Davis cup series at Hot Springs, Va.

Pete Sarron of Washington knocked out the Filipino, Johnny Datto in 29 seconds of a scheduled 10 round bout at Pittsburgh last night. George Riley won from Frankie Wallace in another 10 round bout and Aalsama Kid beat Joe Rugzizoni in 10 chapters in the same ring.

The Mahoning Tax Justice League will gather on Tuesday evening May 16, to hear Tad Shields, former county commissioner speak on "Inflation and Its Effect". The group will meet at the Mahoning Valley grange hall.

### Shields To Speak At Tax Meeting

Indicate Muddy Track For Horses Entered In Ancient Classic Today

(International News Service)  
BALTIMORE, May 13.—Showers and warmer weather were the weather man's slate for the Preakness at Pimlico today.  
A heavy downpour of rain which started last night and continued intermittently throughout, brought a heavy track. It looked like a good day for mudders.

### Pirates And Indians Lose

Giants Hammer Three Pitchers For 11 To 3 Victory, Macks Top Indians

### "LEFTY" O'DOUL STARTS TO HIT

By LES CONKLIN  
International News Service Sports Writer  
NEW YORK, May 13.—There were indications today that Pittsburgh's pitching staff which performed brilliantly for the first four weeks of the season, may be beginning to crack.

The Pirate mound strategy is to work their three aces—French, Meine and Swift—in rotation, and to entrust the hurling assignment every fourth day to a lot of guys named Joe—Hoyt, Chagnon, Harris, etc.

This plan worked like a charm up to this week. But in the Pirates' last three games their starting pitchers, Hoyt, Meine and Swift were knocked loose from their bearings.

### Ryan Hits Homer

Swift got his yesterday as the league leaders lost to the Giants 11 to 3. Their lead over the New York ers being cut to two games. Blondy Ryan, rookie shortstop from Buffalo who hadn't been hitting his weight in potato chips, started Swift on the road to ruin by clouting a homer with two on base.

Hal Schumacher, erratic young hurler who has blossomed forth as a star after several disappointing years, hung up his third win of the campaign for the Giants.

### Yanks Take Lead

The idle Yankees regained the American League from Cleveland when the Indians kicked away to the Athletics, 7 to 3. Wes Ferrell would have beaten the Mackmen 3 to 2 but for the failure of second baseman Johnny Burnett to cover first base on a bunt in the ninth, after which the A's ran wild. Mahaffey was the winning hurler.

All other American League games were washed out.  
Brooklyn held a golden jubilee celebration and everything was fine and dandy except that the Dodgers lost a ball game to the Reds 7 to 3. Walter Beck, promising rookie hurler from Memphis, was knocked out in the first inning before he could get a man out. The Reds scored six runs before the inning was over, due mainly to Hafey's homer off Beck with the bases loaded. Bob Smith went the route for the winners.

Beck has been knocked out of the box in his last two starts.

### O'Doul Hitting

Lefty O'Doul, Dodger, outfielder and league batting champion, continued his batting streak with two hits. He has delivered 11 safe blows in his last four games, including "5 for 5" on Thursday. He has increased his average 98 points this week, from .210 to .308, picking up 36 points Sunday, 51 Thursday and 11 yesterday. The Wall street bulls are thinking of listing him on the big board and using him as a "bear scarer."

After tying the score in the eighth with his sixth homer of the season Wally Berger of the Braves doubled in the eleventh and scored the winning run on Schumacher's hit as Boston nosed out the Cardinals, 4 to 3. Ed Brandt outpitched Jim Moon and "Dizzy" Dean.

Scoring seven runs in the seventh and eighth frames, the Phils trimmed the Cubs, 8 to 4, in a typical Baker Bowl slugfest. Gabby Hartnett's sixth homer failed to help Baker and enabled him to tie Berger and Chuck Klein for the lead in the National League home run derby.

### Brent And Volant Scheduled To Play

Mahoning A and Monarchs Scheduled For Game On E. & A. Field

There will be plenty of rivalry displayed this afternoon when the Miners of Brent and Volant clash at Brent. ### Mulleintowners Are Entertained

Enjoyable Gathering Is Held In West Side School Building Last Evening

### WEST SIDE PUPILS PRESENT PLAYLET

One of the most pleasing and enjoyable events held by the Mulleintown school organization took place at the West Side school building last night and was largely attended.

It was in the nature of an entertainment, get-together and make merry affair and was greatly enjoyed. It was a feature affair all the way, the crowning event being the refreshments served by the Ladies' Committee.

The meeting was called to order by President McIlvenny when he introduced Bert Sanford and his quartet, composed of Dave Jones, Lew Sweet, Chester Biddle and Bert Sanford. They sang a number of pleasing selections and Mr. Sanford played the auto harp with mouth organ accompaniment. Another pleasing number was the reading by Miss Lena Mae McConnell. Fancy dancing and singing by Miss Mary Elizabeth Suber was also greatly enjoyed while several vocal selections by Master Marshall Curran, grandson of President McIlvenny, was a special feature. The little fellow is but four years of age, but displayed rare ability for one so young. Gloria Picato was heard in a song and dance number. Vocal selections by Mrs. Violet Taylor were most pleasing. Mrs. Maude McIlvenny Brinton, gave a reading that she presented when a small girl in the Mulleintown school. It was entitled "How Sweet Is Onion Tea."

During the evening about thirty pupils of the West Side school gave a playlet depicting Indian life. This was an original production and was under the supervision of the Misses Rose Solomon, Elsie Kivine and Minnie Levine teachers of the West Side school. It was a novel and interesting affair and was greatly enjoyed. The teachers were congratulated on all sides for the splendid work of the pupils and the high standard of training given the children.

Ice cream, cake and coffee was served after which the meeting was dismissed.

### Rain Fails To Mar Golf Play At Castle Hills

Max Ludwig Announces Course In Excellent Shape, 35,000 Feet Of Under-Tile

Max Ludwig, owner of Castle Hills golf course revealed today that the course is under-laid with 35,000 feet of tile, and that the course has been playable for golf all year round. The greens have been kept in perfect shape.

The second-nine at Castle Hills is always dry. The foundation of the second nine, is sand and gravel and with the addition of several thousand feet of tile, there are no wet and soggy spots for the golfers to contend with.

Mr. West who laid out the Castle Hills course said upon it's completion that it was one of the finest in the country and that Ludwig would not regret the amount of money spent for tile drains. Mr. West has constructed over 1,000 golf course and was very well pleased with the Castle Hills layout.

The fairways at Castle Hills last evening were in excellent shape. The grass has been clipped short and affords the golfers every advantage of reaching the velvety greens.

There is some improvement work going on at Castle Hills which will make the course one of the finest in this part of the country.

### Ailey Candidate For District Attorney

Well Known Attorney Announces Candidacy For Republican Nomination

MONT L. AILEY

Attorney Mont Ailey today announces his candidacy for the Republican nomination for district attorney of Lawrence county.

Mr. Ailey has been a life long resident of this county. He was born on a farm in North Beaver township, and worked his own way through school. He was a teacher for sometime in the schools of North Beaver township and later in the city of New Castle. He was graduated from Grove City college and the Pittsburgh Law school, besides attending the University of Michigan Law school. Since that time he has practiced law continuously in Lawrence county and has handled all types of cases in all our courts.

Mr. Ailey has never held public office; but was a candidate for district attorney four years ago, receiving at that time more than 7,500 votes.

In his announcement Mr. Ailey says: "The voters are soon to be called upon to select a new district attorney. The office is one of great responsibility, and possessed of almost unlimited possibilities for good or evil. The most conspicuous duties of the district attorney relate to the enforcement of criminal statutes; and the extent to which crime is suppressed depends largely on the ability, energy, good judgment and character of this official."

"In common with every taxpayer of this county I have felt the burden of heavy taxation. I am opposed to any needless burden upon the taxpayers of the county at this time, whether it be in the form of 'special investigators', 'permanent assistants', or what not. The time is ripe for an extension of economy to the office of district attorney. If elected district attorney, I pledge the people of this county an administration of that office with an eye single to economy, honesty, common decency and even-handed justice. To that end I shall exert my every effort."

"I want at this time to express once more my deep appreciation for the generous support of 7,500 voters four years ago, and I respectfully invite the voters throughout Lawrence county to join with my old friends at the Republican primaries in September."

### News Ad Captures 'Lost Horses' For Township Farmer

A quickly inserted ad in The News classified columns got the credit today for restoring two valued horses, which just "wandered off" to their proud owner, M. L. Black, R. F. D. 5, farmer.

Black's horses trotted out of their pasture field together, it seems, "just to go places."

Discovering their absence, Mr. Black searched the Neshannock township district without success and then hurried to The News to place an ad. About two or three days later, on Thursday, a Harlansburg reader stopped them. He held them until Mr. Black could call. They were his horses.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

The present senior class may have better salesmen in it than have some other classes in the past few years, or it may have been that the play presented had more appeal. Whatever the cause, the house for "Seven Keys to Baldpate" was the largest in a long time.

George M. Cohan is given credit for the play on the program, but I'm wondering if the players knew that Mr. and Mrs. Robert Garrett, at Pulaski was a lad from Warren, Ohio, Earl Derr Biggers, who died just a few weeks ago? Biggers wrote the book and Cohan dramatized it.

This was Biggers first big hit and from that he went on to write those interesting adventures of Charlie Chan, the Chinese Sherlock Holmes. Biggers was under 50 fifty when he died in April out on the coast. As a boy he lived in Warren, and his father was a resident there until he died some years ago.

Some of the pigeon fanciers are endeavoring to run down the identity of that pigeon skeleton found in the court house tower. The band on its leg, C722 identifies it if somebody could find the registry book of 1895.

Members of the Epworth church and outsiders who attend services are assured now that nobody will walk off with their car. A flood light has been installed on the east side of the church, overlooking the parking grounds and all the time night services are on a bath of light covers the parked cars.

Parking on both sides of Butler Avenue is a dangerous practice and Chief Haven ordered it stopped. However the parking lot east of the church is large enough to accommodate the crowd and with the flood light, the danger of pilfering is minimized.

If we were putting out honors for inventors who were missed, we'd like to suggest the lad who invented housecleaning. What a man. All down the years he has never received the proper recognition and we'd like to suggest a wreath for his brow. A wreath of barbed wire, trimmed with poison ivy would be appropriate and in his hand a hot potato.

A bouquet for Rev. Doerr of St. Joseph's church. He has changed an ugly looking bank in front of the cemetery on the New Wilmington Road into a bower of beauty. A few rocks, a little labor, a few plants and the place is transformed.
